---

RALEIGH, December 2, 1908.

*His Excellency, R. B. GLENN,*

*Governor of North Carolina,*

*Raleigh, North Carolina.*

SIR:—We hand you herewith the Annual Report of the State Tax Commission for the year 1908, as required by section 7 of the Machinery Act of 1907.

A pamphlet for the instruction of list-takers and assessors, explaining the work of the tax laws and calling particular attention to points in the administration of laws which seemed to have been overlooked, advising the list-takers and assessors, and explaining points which seemed to be intricate and upon which assessors might differ, was prepared and copies of this pamphlet were furnished to each list-taker. In addition to this, numerous letters were written to list-takers and other officers, replying to inquiries as to the application of the Machinery and Revenue Acts to particular facts.

From reports furnished by the Registers of Deeds, Clerks of Courts, Mayors and Clerks of towns and cities, on forms provided by this Department, twenty-six tables were prepared, which are published herewith.

Table No. 1 shows, by counties, the number of acres of land and total value of the land, and classes and value of all personal property required to be listed with list-takers for taxation, compiled from returns of the Registers of Deeds on file in this office, and also amount of incomes and total incomes listed for taxation for the year 1907.

Table No. 2 shows, by townships in each county, the number of polls, number of acres of land and value, number of town lots and value, total value of real estate, total value of personal property and aggregate value of real and personal property for the year 1907.

Table No. 3 shows, by counties, list of all corporations reporting to and assessed by the Auditor, except banks, with assessed value of capital stock, value of property listed, and value of capital stock in excess of property listed, as determined by the State Auditor, for the year 1907.

Table No. 4 shows, by counties, the total assessed value of all corporations, other than banks, assessed by the Auditor, assessed value of real and personal property listed locally for taxation, and corporation excess of such corporations for the year 1907.

Table No. 5 shows list of banks and assessment of bank stock for the year 1907, as per certificate of State Auditor.

Table No. 6 shows, by counties, the assessment of bank stock, less real and personal property, listed locally for the year 1907, as certified by the Auditor.

Table No. 7 shows list of building and loan associations and the assessed value of capital stock for the year 1907.

Table No. 8 shows, by counties, number of white, Indian and negro polls, value of railroad and other property assessed by the Corporation Commission, amount of building and loan stock, amount of corporate excess and value of bank stock, assessed value of property listed by each race, and the aggregate assessed value of all property subject to school taxes for the year 1907.

Table No. 9 shows, by counties, the amount of school-tax levy for the year 1907, and the subjects thereof, as returned by the Registers of Deeds.

Table No. 10 shows, by counties, the amount of taxes levied on polls and property, and Schedules B and C, and total taxes, all sources, for county purposes for the year 1907, as shown by returns from the Registers of Deeds.

Table No. 11 shows, by counties, taxes collected under Schedules B and C, and sources thereof, for State purposes for the year 1907.

Table No. 12 shows, by counties, taxes collected under Schedules B and C, and sources thereof, for county purposes for the year 1907.

Table No. 13 shows each county's bonded indebtedness, on what account, and rate of interest and current liabilities for the year 1907, as per report of Registers of Deeds.

Table No. 14 shows tax rate of each county for State, school and pension, county, special and township purposes, for the year 1907, as per reports of Registers of Deeds.

Table No. 15 shows, by cities and towns, the assessed value of real and personal property, the number of white and colored polls, the tax levied on same, and also the revenue derived from all other sources, and the grand total from all sources; also the amount uncollected, the disbursements, the total amount collected, tax rate, bonded debt, current liabilities and total debt for the year 1907.

Table No. 16 shows the number of the various subjects returned by the Sheriffs as of March, 1908, upon which a State tax is collected under Schedules B and C of the Revenue Act.

Table No. 17 shows, by counties, the decrease in the various State and county funds on account of released polls and uncollected taxes from real and personal property allowed Sheriff or Tax Collector by the Board of County Commissioners for the year 1907.

Table No. 18 shows, by counties, the average value of land per acre, town lots, domestic animals, and the general average, compiled from abstracts from each county for the year 1907.

Table No. 19 shows, by counties, comparisons in assessments of land and personal property, and bank stock, railroad and other property, corporate excess, building and loan associations and incomes for the years 1900 to 1907, inclusive.

Table No. 20 shows comparative statement of property assessments, bonded and other indebtedness, also taxes collected under Schedules B and C, for the years 1900 to 1907, inclusive.

Table No. 21 shows total of listed taxables and tax thereon, as per statements received from counties for the year 1907.

Table No. 22 shows, by counties, the number of polls and aggregate assessment of all property listed for taxation for the year 1907.

Table No. 23 shows the State and pension tax upon property and polls, State tax from Schedules B and C, income tax, county tax from property and polls, county tax from Schedules B and C, school tax (all sources), aggregate tax (all sources), for the year 1907.

Table No. 24 shows the total amount of taxes levied in North Carolina for the year 1907, State, school, county and municipal, together with amounts received by State Treasurer from other sources.

Table No. 25 shows the State, county and municipal indebtedness for the year 1907.

Table No. 26 shows the value of land, town property, personal property and railroads, etc., for the years 1872 to 1907, inclusive.

From these tables it appears that the number of polls listed in 1907 was 293,637, against 287,171 for the year 1906. The total assessed value of all property for the year 1907 was \$575,370,313, against \$488,662,568 for the year 1906, an increase of \$86,707,745.

Incomes listed for tax amounted to \$3,667,681 for the year 1907, against \$3,138,759 for the year 1906.

The total tax levied on property and under B and C Schedules and on incomes for the year 1907 amounted to \$10,222,223.57, divided as follows: \$2,660,219.63 for State purposes, \$266,824.93 for pensions, \$2,848,376.84 for county purposes, \$1,790,139.78 for schools, and \$2,656,662.39 for municipal purposes.

The total indebtedness, State, county and municipal, amounted to \$20,262,837.98, divided as follows; \$6,880,950 due by the State, \$3,446,850.98 due by the counties, \$9,935,037 by the municipalities.

The total assessment of all property for taxation in 1900 was \$300,709,300, showing an increase of \$274,661,013. We estimate from such reports as we have that there will be an increase in total assessments for the year 1908 over 1907 approximating \$1,000,000.

The amount of incomes returned for taxation for the year 1908 is \$3,643,864.

The formal complaints, which were pending at the time of our last report, of Greenleaf-Johnson Lumber Company against Commissioners of Franklin County, and the Southern Railway Company against Commissioners of Caswell County, as well as complaints which were filed during the year by the citizens of Wilkes County against the Board of Equalization of Wilkes County, and Mrs. M. A. Heck against Madison County Commissioners, were all disposed of.

In the cases from Franklin and Wilkes counties the complaint was that certain properties were assessed relatively too high. There was no complaint that the assessments were above the cash value of the property, and the evidence did not tend to show any valuation above the actual cash value, but there was considerable inequality, in the opinion of the witnesses, as to the actual value of the properties referred to. This evidence did not furnish the Commission with information which would enable it to make the corrections asked for by complainants, and the complaints were dismissed.

In the complaint from Caswell County an order was made which was acquiesced in by the complainant and the Board of Commissioners. This was a contest as to what part of the real property of

the railroad company was included in the assessment made by the Corporation Commission and what should be assessed by the local assessors.

In the complaint from Madison County it was found that the assessment was excessive, and the same was reduced and fixed at an assessment which, in the opinion of the Commission, was its true cash value. A complete record was made of the evidence and findings and the order of the Commission in each of the above cases, which is on file in this office.

We renew the recommendations contained in our former reports, as follows:

1. That the General Assembly exempt \$300 of personal property of every taxpayer, instead of \$25, as the law now provides. The Constitution, Art. V, sec. 5, provides that the General Assembly may exempt from taxation personal property to a value not exceeding \$300. Every General Assembly since 1868 has exempted certain personal property. It first exempted \$300, and this amount has been reduced until it is now \$25, and consists of household and kitchen furniture, wearing apparel and libraries.

When the first general *ad valorem* tax was passed in North Carolina it was provided that every individual whose estate shall be assessed at \$500 or less shall pay no tax thereon, and that \$500 of the assessed value of the estate of each taxpayer shall be exempt from taxation. See Laws 1861, ch. 31, sec. 4.

As stated in our former report, it appears to us utterly inconsistent that the same revenue law should exempt all incomes except such as are in excess of \$1,000 and tax the excess over \$1,000 at only one per cent., and allow an exemption in personal property of the kind enumerated above to the value of \$25; and especially is this so when it is considered that the tax rate on property is not less than two-thirds of one per cent. of its value in any case, and in many places in the State it is  $2\frac{1}{2}$  per cent., while the income tax is one per cent. on the excess over \$1,000.

2. That the poll tax be not levied, except as a State and county tax, and that in no case shall the State and county tax combined exceed \$2 on the head. As reported in our former report, by chapter 840, Laws 1905, it was enacted that no poll tax shall be levied for State and county purposes combined in Mecklenburg County in excess of \$2 on the head, and that no city or town in Mecklenburg County should

levy a poll tax in excess of \$2 on the head. By chapter 935, Laws 1907, this statute was made applicable to the whole State, with the exception of a few counties. The validity of the statutes was attacked in the cases of Railroad Company against Commissioners of Mecklenburg and Railroad against Commissioners of Buncombe, both of which cases will be reported in 148 N. C. Reports, on the ground that the commissioners did not observe the equation between property and poll as to so much of the tax levied as was in excess of  $66\frac{2}{3}$  cents on the \$100 value. The Supreme Court sustained the statute, saying: "We are brought to the conclusion that the act of 1905, ch. 840, is in accordance with the correct interpretation of the Constitution; that the last clause of section 1, Article V, that the State and county capitation tax combined shall never exceed \$2 on the head, is imperative and prohibits a levy of any tax on the poll for any purpose in excess of that sum."

In a later decision (*Perry v. Commissioners*, 148 N. C.) it was held that a special school district created under the Revisal, sec. 4115, may levy a tax on the poll, when submitted to and approved by the qualified voters in an election duly held, in excess of \$2, under the provision of Article VII of the Constitution. The equation between property and poll tax established by Article V, section 1, and the restriction that the State and county tax combined shall never exceed \$2 on the poll, applies only to State and county taxation, and not to municipal or *quasi* public corporations other than counties. So that it is now settled that the State and county capitation tax combined cannot, under the Constitution, exceed \$2 on the head. The foregoing statute relieves to some extent from an oppressive poll tax in several towns in the State, but we most earnestly renew our recommendation that no municipality or other *quasi* public corporation be permitted to levy a tax on polls.

It is hoped that the members of the General Assembly will read the opinions of the Supreme Court in the cases above referred to—Railroad against Commissioners—in which the reasons for limiting the poll tax are forcibly given.

3. That statutes authorizing a tax rate greater than  $66\frac{2}{3}$  cents on the \$100 value for State and county taxes combined be not enacted. There are many classes of property which cannot bear a higher tax rate than this. An oppressive tax rate is one of the causes of inequality in assessments and the failure or refusal to list property for

taxation. We will not repeat, but refer to, what was said by us in our former reports for the years 1902 and 1906 on this subject.

4. That the municipal tax rate be so limited that, when added to the county tax rate on property, it will not be confiscatory of any class of property. The total tax levy, as will appear from tables in this report, is in many cities and towns over \$2 on the \$100 value.

5. We recommend that our Constitution be so amended as to confer upon the General Assembly the power to segregate the sources of taxation so as to specify and determine upon what subjects State tax and upon what subjects local tax shall be levied.

The oppressive features of our property tax arise out of the fact that, under the Constitution, State, county and sometimes township or district and city or town taxes are and must be levied on all property.

The income tax has increased from \$926,144 in 1900 to \$3,643,864 in 1908.

#### INHERITANCE TAX.

The results of this tax are disappointing. It fell off from \$16,000 in 1905 to \$4,673 in 1907. We believe this is attributable to failure to enforce the law. This is one of our wisest tax laws. Our State was one of the first in the Union to adopt this tax. We recommend that it be made the duty of some central officer to enforce this law, and in order to enable him to do so, that the Clerks of the Superior Courts of the State be required to notify such officer of the qualification of all executors and administrators and furnish him copy of inventory or other papers in connection with the estate, as the same may be required by said central officer.

The attention of the General Assembly is respectfully called to the decision of the Supreme Court in *Lumber Co. v. Smith*, 146 N. C., 199, in which the Court recommends that the Machinery Act be so amended as to require county commissioners, in listing and assessing property, to notify the delinquent, so that he may have an opportunity to be heard.

Respectfully submitted,

FRANKLIN MCNEILL, *Chairman.*

SAM. L. ROGERS,

E. C. BEDDINGFIELD,

*Commissioners.*

STATEMENT No. 1—SHOWING NUMBER OF ACRES AND VALUE OF LAND, TIMBER AND QUARRY INTERESTS, NUMBER AND VALUE OF TOWN LOTS, TOTAL VALUE OF REAL ESTATE, NUMBER AND VALUE OF DOMESTIC ANIMALS, VARIOUS CLASSES OF PERSONAL PROPERTY AND VALUE, TOTAL VALUE OF PERSONAL PROPERTY, TOTAL VALUE OF REAL ESTATE AND GRAND TOTAL OF REAL AND PERSONAL PROPERTY, ALSO TOTAL AMOUNT OF INCOMES LISTED FOR TAXATION IN COUNTIES OF THE STATE FOR THE YEAR 1907.
